

Certificate of Off-Site Training

As a Console Surgeon

Mauricio Rubinstein, MD

has successfully completed an Off-Site Training program in the role of a **Console Surgeon** using the **da Vinci®** Surgical System. This program consisted of didactic and practical skill application sessions covering the components and use of the **da Vinci®** Surgical System and **EndoWrist®** Instruments. Additionally, a training laboratory was conducted providing utilization of the **da Vinci®** Surgical System for key technical System skills as a **Console Surgeon**. Surgical team roles, responsibilities, and emergent management of the **da Vinci®** Surgical System were emphasized.

Jerry McNamara
Executive Vice
President, Worldwide
Sales and Marketing

This training program is not a replacement for hospital policy regarding surgical credentialing. Intuitive Surgical only trains on the use of the surgical tool, the *da Vinci* Surgical System. Any demonstration(s) during the training on how to use the System to perform a particular technique or procedure is not the recommendation or "certification" of Intuitive as to such technique or procedure, but rather is merely a sharing of information on how other surgeons may have used the System to perform a given technique or procedure.
